

July Meeting Notes

There were 17 members present for the July meeting. Not bad for the week of the 4th.

We now expect to have the 2019 club knives delivered to Hydrick at the Lexington show which will be in mid August, 15 thru 17. That means that they will be available for distribution at the September meeting. We certainly hope so!

Tony's Knives, the supplier for the 2019 knife, had an issue with the individual that was responsible for the etching. That person decided to work for someone else so they couldn't get them etched.

We are now in search of a knife for 2020. In review of the dealers and manufacturers at the Atlanta show. There were none which currently have mother of pearl in their production line up. There may be a few with stocked items with pearl. Hydrick will sniff them out and if so, he will find them. We will keep you posted of developments in this arena.

We wish Tony Foster best wishes as he continues to recover from a recent bone marrow transplant. We wish you well and a speedy recovery.
