September Knife Notes

The latest word I have on the evasive club knives is they will be at the October meeting. That is the meeting coming up on October 4. I sure hope this is true!

There were 14 present for the September meeting. If you owe a balance on your knife, please see Randy and have this taken care of at the meeting.

Member Bill Powell is having some health issues and we want to keep him in our thoughts and prayers during this time. Also, remember the family of long time member Richard Wood who recently passed away. Richard will be greatly missed as an active member and was always visible and assisting at the entrance of the shows each year.

Larry Cox reported that the recent Kentucky knife show was very well attended.

It appears that all shows have been and are well attended. That is good news since the pandemic really cut into it for a lot of months.

It was reported that Hydrick recently met with a freak accident of some sort which resulted in some stitches having to be installed in his leg! It is good that he is back to normal at this time. (what ever normal is!)

Be sure to catch us at the next meeting, Tuesday October 4, 7 PM at the Greer Recreation Center.

And just keep in mind: A Bumble Bee is considerably faster than a John Deere tractor!

Newsletter Information

If you have any information which you would like to include in the monthly newsletter, please get it to Gene Ravan by email at news@palmettocutleryclub.org or by calling 404-452-2553
